Federal Regulations (49 CFR 26.55) allow DBE haulers to sub-contract with non-DBE haulers and account for the value of the non-DBE haulers for DBE participation. However, the value of the non-DBE hauler services (payments) cannot exceed the total value of payments for DBE owned trucks. A DBE hauler may lease non-DBE trucks as long as the DBE controls the use and operation of the non-DBE owned truck(s).
